Clemson University
Clemson, South Carolina

AGENDA FOR THE MEETING OF THE BOARD OF TRUSTEES

March 2, 1973

I. ROLL CALL

II. RECOMMENDATION OF THE ADMINISTRATION

1. Issuance of State Institution Permanent Improvement Bonds

Statement: It has been determined by the Administration that permanent improvements are required for Clemson University (Clemson) to enlarge and improve Academic and Student Activity Facilities, and to expand and improve the Campus Utility System, walks, drives and parking areas. Funding for such improvements will require issuance of State Institution Bonds pursuant to Section 22-24, Code of Laws of South Carolina, 1962, as amended.

Recommendation: That the Board of Trustees adopt a Resolution making formal application to the State Budget and Control Board of South Carolina for the issuance of \$2,500,000 State Institution Bonds pursuant to the provisions of Chapter 2, Title 22, Code of Laws of South Carolina, 1962, as amended, in order that the proceeds thereof may be used to defray the cost of the permanent improvements at Clemson University (Clemson) delineated in the above "Statement."

III. STATUTORY ROLL CALL VOTE

IV. ADJOURNMENT

AGENDA

RECOMMENDATIONS AND REPORTS

for the meeting of
The Board of Trustees
Clemson University
March 23, 1973

10:00 A.M. - Friday
The Board Room -- Sikes Hall
Clemson University
Clemson, South Carolina

AGENDA FOR THE MEETING OF THE BOARD OF TRUSTEES

March 23, 1973

(Subject to Revision by the Board of Trustees)

- I. ROLL CALL
- II. MINUTES OF THE MEETINGS OF NOVEMBER 3, 1972 AND MARCH 2, 1973
- III. RECOMMENDATIONS OF THE AGRICULTURAL REGULATORY COMMITTEE

1. Fertilizer Inspection and Analysis

Statement: The Report of the Department of Fertilizer Inspection and Analysis for the period, July 1 - December 31, 1972, identifies irregularities and suggests fines therefor.

Recommendation: That the fines as suggested be approved.

2. In Memorium -- L. D. Holmes

Recommendation: That the following resolution be adopted:

WHEREAS, the members of the Board of Trustees of Clemson University desire to record their profound sorrow upon the death on February 25, 1973 of their good friend and esteemed associate, Lewis David Holmes, who served as a member of the Board of Trustees of Clemson University for more than thirteen years; and

WHEREAS, in his death Clemson University has lost a dedicated and devoted Trustee whose unflagging interest has contributed much to the welfare of this institution; and

WHEREAS, through his years of service as Chairman of the Agricultural Regulatory Committee of the Board of Trustees he has fostered the development and progress of agriculture in the State of South Carolina and has maintained a constant concern for the advancement of the science of agriculture, resulting in the enhancement of the economic life of the peoples of this State;

NOW, THEREFORE, BE IT RESOLVED, That the Board of Trustees of Clemson University makes formal acknowledgment of its grievous loss in the passing from this life of Lewis David Holmes whose devotion to this University and contributions to the welfare of his fellow man will long be remembered by those who have benefited from his dedicated service.

IV. RECOMMENDATIONS OF THE DEVELOPMENT AND PUBLIC RELATIONS COMMITTEE

1. Name of Dairy Facility

Statement: The Committee on Names of Campus Buildings and Roads has suggested that the proposed Dairy Science Facility be named "LaMaster Dairy Center" in honor of Joseph Paul LaMaster, former Head of the Department of Dairy Science, who served the University in that capacity or its equivalent for thirty-seven years, terminated by retirement in 1957. Professor LaMaster died May 2, 1971 at the age of seventy-nine years.

Recommendation: That the building to be constructed as a Dairy Science Facility be named LaMaster Dairy Center.

2. Clemson University Symbol

Statement: On November 3, 1972 the Board of Trustees considered a recommended symbol for Clemson University and directed that action be deferred, pending further study. The Vice President for Development in his Informational Report March, 1973, submitted modifications identified as Exhibit E and attached to his report, for further consideration.

Recommendation: That the symbol depicted as follows:

be approved and adopted as a symbol of Clemson University.

V. RECOMMENDATIONS OF THE EDUCATIONAL POLICY AND STUDENT AFFAIRS COMMITTEE

1. Residence Hall Visitation Program

Statement: On June 30, 1971 the Board of Trustees adopted a policy relating to a limited residence hall visitation program. The Student Government has met its responsibilities in administering the program successfully. From an administrative standpoint the policies under which the program has been conducted do not permit a flexibility to insure maximum utilization of residence halls. Accordingly, subparagraph (b) of the policy of the Board relating to the determination of units to be permitted visitation should be rescinded and in lieu thereof a delegation of authority be granted to the Administration which will permit the flexibility required for maximum utilization of the several residence halls.

Recommendation: That: (1) Paragraph (b) of the action of the Board of Trustees, June 30, 1971 be rescinded; (2) Authority be delegated to the University Administration to determine administrative guidelines for residence visitation and to amend, modify or change those guidelines from time to time to insure maximum flexibility in the utilization of residence halls.

2. William J. Latimer Bequest

Statement: By Will the late William J. Latimer bequeathed to the Board of Trustees of Clemson University approximately one hundred sixty-five thousand dollars (\$165,000) in money and securities, to be used as the Trustees shall determine for a useful and reasonably permanent part of or adjunct to the Clemson University Library. It has been suggested that these assets be made an endowment fund, the income therefrom to be made available for the purchase of books (including rare editions), manuscripts and other library materials not otherwise available for acquisition from appropriated funds. Each accession would be appropriately identified by a gift plate recognizing Mr. Latimer's bequest.

Recommendation: That the bequest of Mr. William J. Latimer, constitute a permanent endowment fund from which books, manuscripts and other library materials not otherwise available for acquisition from appropriated funds will be acquired. An appropriate marking by gift plate will be placed on each acquisition.

VI. RECOMMENDATIONS OF THE EXECUTIVE COMMITTEE

1. Modification of Clemson Memorial Stadium

Statement: On December 1, 1972 information was mailed to the Board of Trustees concerning bids received for modifications of Clemson Memorial Stadium, which were opened publicly on November 28, 1972. It was determined that the bids were of such magnitude that it was impracticable to invest the funds required for preparation of the surface for synthetic turf. Accordingly, it was recommended that all bids for preparation be rejected. The Board approved by mail ballot the rejection of all bids submitted.

Recommendation: That the interim action of the Board of Trustees in rejecting all submitted bids for the modifications to Clemson Memorial Stadium, relating to the preparation of the surface of the stadium for synthetic turf be approved and confirmed.

2. Addition to Bull Testing Facility

Statement: On December 19, 1972 information was mailed to the members of the Board of Trustees concerning bids for the construction of an addition to the Bull Testing Facility, which were opened publicly on that same date. Thrasher Construction Company, Inc., Greenville, South Carolina was the low bidder for construction of the addition to the Bull Testing Facility, in the amount of \$24,838.00. The Administration recommended, and the Board approved by mail ballot the acceptance of the bid and the awarding of the contract to Thrasher Construction Company, Inc., in the amount of \$24,838.00.

Recommendation: That the interim action of accepting the bid and awarding the contract to Thrasher Construction Company, Inc. for the construction of an addition to the Bull Testing Facility in the amount of \$24,838.00 be approved and confirmed.

3. Insectary

Statement: On January 31, 1973 information was mailed to the members of the Board of Trustees concerning bids for the construction of the Insectary, which were opened publicly on January 30, 1973. Automated Farm Systems, Clemson, South Carolina was the low bidder for the construction of the Insectary in the amount of \$56,986.00. The Administration recommended

and the Board approved by mail ballot the acceptance of the bid and the awarding of the contract to Automated Farms Systems, Clemson, South Carolina in the amount of \$56,986.00.

Recommendation: That the action of accepting the bid and awarding the contract to Automated Farms Systems, Clemson, South Carolina for the construction of the Insectary, in the amount of \$56,986.00, be approved and confirmed.

4. Right of Way Easement to State Highway Department in Richland County

Statement: By mail ballot, dated January 24, 1973, the Executive Committee approved the granting of an easement over University lands at the Sandhill Station in Richland County for the purpose of widening an existing road and creating a cleared area at the intersection of that road and a State highway. Pursuant to that approval, the President of the Board of Trustees executed a right of way easement in favor of the State Highway Department.

Recommendation: That the action of the Executive Committee in approving the granting of a right of way easement for highway improvement on University lands at the Sandhill Station in Richland County and the execution of the right of way easement by the President of the Board of Trustees be approved and confirmed.

5. Power Line Easement to Central Electric Power Cooperative, Inc., Florence, South Carolina

Statement: In 1954 Clemson University granted to the Central Electric Power Cooperative, Inc., a power line easement across lands of the Pee Dee Experiment Station in Florence County. The power line is presently leased to the South Carolina Public Service Authority. The Authority, on behalf of the Cooperative, desires to straighten the line at the request of the Florence-Darlington Commission for Technical Education. A new and shorter right of way was proposed, with the understanding that the Cooperative would release and relinquish its present right of way. By mail ballot on November 9, 1972 the Executive Committee approved the granting of the new right of way and accepted the relinquishment of the existing right of way. Pursuant to that approval, the President of the Board of Trustees executed the necessary instruments to grant a new right of way to the Central Electric Power Cooperative, Inc. and accepted the relinquishment of a right of way which it possessed across lands of the Pee Dee Experiment Station in Florence County.

Recommendation: That the action of the Executive Committee in approving the granting of a right of way easement for power line purposes to the Central Electric

Power Cooperative, Inc. across lands of the Pee Dee Experiment Station in Florence County, and the relinquishment of a power line easement held by the Cooperative on that Station, and the execution of the necessary instruments to accomplish these purposes by the President of the Board of Trustees be approved and confirmed.

6. Bequest of William S. Megonigal, Jr.

Statement: Pursuant to the Will of the late William S. Megonigal, Jr., Clemson University has received a check in the amount of \$38,199.17. In accepting the bequest the Board of Trustees of Clemson University, on November 3, 1972, adopted a resolution that the corpus of the bequest would be held in perpetuity, the income therefrom to be used in such manner as determined by the Board or its delegated administrator. In order to make the income readily available for University purposes between meetings of the Board of Trustees, it is believed desirable to delegate authority to the President of the University to expend the income from the bequest as, in his judgment, is consistent with the best interests of the University.

Recommendation: That the President of the University be delegated authority to expend the income from the bequest of the late William S. Megonigal, Jr. in such manner as in his judgment is consistent with the best interests of the University.

7. Increase in Rental Rates for Faculty, Staff, and Married Student Housing

Statement: In order to continue to be self-financing, in accordance with State law, increases in rental rates for faculty, staff, and married student housing are required.

Recommendation: That, effective July 1, 1973, rents be increased on faculty, staff, and married student housing to the proposed rates per month as follows:

<u>Faculty Housing</u>	<u>No. Units</u>	<u>Present Rate</u>	<u>Proposed Rate</u>
2 Bedroom, 2-Story	36	\$ 87.00 mo.	\$ 93.00 mo.
2 Bedroom Duplex	54	96.00 "	102.00 "
3 Bedroom Duplex	10	111.00 "	117.00 "
3 Bedroom House	12	114.00 "	120.00 "
<u>Married Student Housing</u>	<u>No. Units</u>	<u>Present Rate</u>	<u>Proposed Rate</u>
Prefabs	100	\$ 36.00 mo.	\$ 41.00 mo.
Littlejohn	28	51.00 "	56.00 "
Littlejohn	22	54.00 "	60.00 "
East Campus	100	69.00 "	75.00 "

8. Rental Rates for Residence Halls

Statement: In order to continue to be self-financing, in accordance with State law, increases in rental rates for residence halls are required.

Recommendation: That, effective beginning with the fall semester, 1973-74, rents be increased in residence halls to the proposed rate per semester as follows:

<u>Residence Hall</u>	<u>Present Rate</u>	<u>Proposed Rate</u>
Johnstone Hall:		
Sections A, B, C	\$165.00 semester	\$175.00 semester
Sections D, E, F	180.00 "	190.00 "
Section New A & F	205.00 "	215.00 "
Donaldson, Bowen, Wannamaker, Bradley, Norris Halls	220.00 "	230.00 "
Benet, Young, Cope, Geer, Sanders Halls	205.00 "	215.00 "
East Campus	220.00 "	230.00 "

Room rental rates for a period of less than one semester shall be determined by the Administration.

9. Coast Experiment Station

Statement: The Charleston Development Board has advised that an undisclosed foreign industrial firm has indicated a desire for an option to purchase sixty (60) acres of land at three thousand dollars (\$3,000) per acre on the Coast Experiment Station, immediately adjacent and to the east of property purchased by the Enjay Corporation, fronting on Highway 78 for a distance of 2,000 feet. The Director of the Charleston Development Board has assured the Administration that the nature of the industry will not be a source of pollution and that any improvements made on the property would be compatible with adjacent industry and would not contribute to a deterioration in value of the remainder of the University lands. Less than two years ago three independent appraisals of the per acre value of the Coast Experiment Station were obtained, and based on those appraisals, approximately fifty-five (55) acres of land were sold to the Enjay Corporation for sixteen hundred, twenty-five dollars (\$1625.00) per acre. The present undisclosed potential purchaser has also indicated that it might be interested in acquiring an additional sixty (60) acres of land.

Recommendation: That the option to purchase be granted in accordance with the terms submitted and the President of the Board of Trustees be authorized to execute the necessary instrument to accomplish the option. It is further recommended that the Charleston Development Board be advised that no further dollar commitments should be made to prospective buyers, based on evaluations heretofore established, and that future negotiations should be based on current market value at the time of negotiation.

10. Sanitary Landfill Site -- Anderson County

Statement: The Anderson County Solid Waste Disposal Commission has requested authority to establish a sanitary landfill site on University forest lands in Anderson County. The site for such a landfill has been identified and selected by the College of Forest and Recreation Resources and is acceptable to the Commission. It is believed that the utilization of the particular site selected will inure to the benefit of the University by rehabilitating and reclaiming land for more productive use. The area encompasses twenty-three (23) acres and it is believed the Commission will pay fifteen dollars (\$15.00) per acre, per year. This, however, is subject to negotiation.

Recommendation: That the Administration be authorized to negotiate with the Anderson County Solid Waste Disposal Commission for the establishment of a landfill site and that if satisfactory and acceptable conditions are negotiated, the Vice President for Business and Finance be authorized to execute the necessary instruments.

VII. RECOMMENDATIONS OF THE ADMINISTRATION

1. Traffic Code

Statement: The University Traffic Code as adopted by the Board of Trustees is restricted in application to that area of the main campus south of Highway 93. With the construction of the Alumni Center and other increased activities of the University north of Highway 93, it is necessary to exercise jurisdiction over that area, excluding State Highway 93 itself.

Recommendation: That Chapter I, Section 1-2 of the Clemson University Traffic Code be amended by deleting therefrom the words, "south of Highway 93, west of U. S. Highway 76, north of Hunnicutt Creek and east of Hartwell Reservoir," and adding in lieu of the deleted words, the words, "campus as defined in Chapter I, Section 1-4 (m)."

2. Vice President for Executive Affairs and Secretary of the Board of Trustees

Statement: General Rigsby will retire June 30, 1973. Rear Admiral Joseph B. McDevitt will assume the duties of Vice President for Executive Affairs and Secretary of the Board of Trustees July 1, 1973. He cannot be designated as University Counsel until he has been admitted to the Bar of South Carolina, which will take approximately one year to meet the residence and other requirements of the Supreme Court. General Rigsby will remain available on a consultant basis as University Counsel in the interim.

Recommendation: That Rear Admiral Joseph B. McDevitt be appointed Vice President for Executive Affairs and Secretary of the Board of Trustees, effective July 1, 1973, and General Rigsby be retained on a consultant basis.

VIII. ADDITIONAL ITEMS AND RECOMMENDATIONS AS DEVELOPED PRIOR TO THE BOARD MEETING

IX. REPORTS OF THE STANDING COMMITTEES

X. STATUTORY ROLL CALL VOTE

XI. EXECUTIVE SESSION

XII. ADJOURNMENT

AGENDA FOR EXECUTIVE SESSION

1. Dean of the College of Engineering

Statement: Dr. Linvil G. Rich, Dean of the College of Engineering, indicated on October 12, 1972 his desire to be relieved of his administrative duties as Dean and requested to be returned to full-time teaching and research duties as Professor of Environmental Systems Engineering. Dr. Rich had served as Dean of the College of Engineering for more than eleven years. During his tenure, engineering education at Clemson University made phenomenal strides to the point where it is recognized as one of the outstanding colleges in the field of engineering. The faculty which he recruited and developed is second to none. The contributions which he has made materially enhanced the prestige of this institution in educational circles. On acceptance of Dr. Rich's resignation as Dean, Professor James L. Edwards, then Assistant to the Dean of the College of Engineering, was asked to serve as Acting Dean until a new Dean could be appointed. In accordance with established faculty policies, a Search Committee was appointed, and made an exhaustive study and consideration of qualified candidates. Thereafter the President of the University, in conjunction with the Dean of the University, spent many hours interviewing, and discussing with the members of the several departments in the College of Engineering and individual faculty members, potential candidates for appointment as Dean. As a result of all of these selection procedures, and after most careful deliberation, it is the opinion of the President of the University that Dr. Lyle C. Wilcox is the best qualified person available for appointment as Dean of the College of Engineering. Dr. Wilcox received his Ph.D. degree in Electrical Engineering in 1963 from Michigan State University. He came to the faculty of Clemson University in 1965 as Associate Professor of Electrical and Mechanical Engineering and was named the Draper Professor of Mechanical Engineering. In 1969 he was promoted to the rank of Professor, and in 1970 became the Associate Dean for Professional Studies in the College of Engineering. Throughout his various assignments with this University he has demonstrated an exceptional talent for administration. His contacts and efforts outside the University community have been very fruitful in obtaining grant and contract monies. Dr. Wilcox has had extensive experience in the fields of teaching and research. Although interested in graduate level teaching, he has displayed an unusual talent in developing innovative undergraduate teaching techniques. He has contributed significantly to research in the areas of computer science, electrical and mechanical engineering, and has been extensively involved with directing graduate students in biomedical research. Dr. Wilcox is 40 years of age.

Recommendation of the President of the University: That effective April 1, 1973 Dr. Lyle C. Wilcox be appointed Dean of the College of Engineering.

2. William James Lemon Professorship of Literature

Statement: Professor Clarence Gohdes, Professor Emeritus of American Literature at Duke University, has been affiliated with Duke University since 1930 and until his recent retirement was James B. Duke Distinguished Professor at that institution. He has also taught at Harvard University, Columbia University, New York University, the University of California and is presently a Visiting Professor at Bowling Green State University of Ohio. For many years he was editor of American Literature, one of the most prestigious scholarly journals in the country. Professor Gohdes will be 72 years of age July 2, 1973. He is an outstanding teacher and scholar of nationwide reputation. It is desired to fill the Lemon Professorship at the earliest possible date, and Professor Gohdes is the best candidate available at this late date in the academic year. In view of his age, he must be employed on July 1, 1973 with the approval of the State Budget and Control Board. It is contemplated that his services will be utilized during only one of the two semesters in the academic year 1973-74 and not subject to renewal due to his age.

Recommendation of the Administration: That Clarence Gohdes be employed effective July 1, 1973 as William James Lemon Professor of Literature for a term of one semester during the academic year 1973-74 subject to concurrence of the State Budget and Control Board.

REPORT OF THE AGRICULTURAL REGULATORY COMMITTEE
TO THE BOARD OF TRUSTEES -- March 2, 1973

The Agricultural Regulatory Committee of the Board of Trustees met in the President's Office, Clemson University, Clemson, South Carolina, March 2, 1973. Members of the Committee present were: Frank J. Jervy, presiding; T. Kenneth Cribb and James M. Waddell, Jr. Also present were: Patrick N. Calhoun, E. Oswald Lightsey, Paul W. McAlister, A. M. Quattlebaum and Paul Quattlebaum, Jr. Others in attendance included Robert C. Edwards, Walter T. Cox, Victor Hurst, Stanley G. Nicholas, A. W. Rigsby, Melford A. Wilson, Ernest B. Rogers, Luther P. Anderson and Samuel F. Crews III.

1. Informational reports previously distributed to the Committee and all other members of the Board of Trustees were considered and reviewed. Dr. Luther P. Anderson, Dean of the College of Agricultural Sciences, briefed the Committee on agricultural developments.

2. The recommendations of the Committee to the Board of Trustees are contained in Section III of the agenda submitted for consideration by the Board at the meeting on March 23, 1973.

REPORT OF THE DEVELOPMENT AND PUBLIC RELATIONS COMMITTEE
TO THE BOARD OF TRUSTEES -- March 2, 1973

The Development and Public Relations Committee of the Board of Trustees met in the President's Office, Clemson University, Clemson, South Carolina, March 2, 1973. Members of the Committee present were: A. M. Quattlebaum, presiding; Patrick N. Calhoun, T. Kenneth Cribb, Paul W. McAlister and Paul Quattlebaum, Jr. Also present were: Frank J. Jervey, E. Oswald Lightsey and James M. Waddell, Jr. Others in attendance were: Robert C. Edwards, Walter T. Cox, Victor Hurst, Stanley G. Nicholas, A. W. Rigsby, Melford A. Wilson, Ernest B. Rogers and Samuel F. Crews III.

1. Informational report previously distributed to the Committee and all other members of the Board of Trustees was considered and reviewed.
2. Recommendations of the Committee to the Board of Trustees are contained in Section IV of the agenda submitted for consideration by the Board at the meeting on March 23, 1973.

REPORT OF THE EDUCATIONAL POLICY AND STUDENT AFFAIRS
COMMITTEE TO THE BOARD OF TRUSTEES -- March 2, 1973

The Educational Policy and Student Affairs Committee of the Board of Trustees met in the President's Office, Clemson University, Clemson, South Carolina, March 2, 1973. Members of the Committee present were: A. M. Quattlebaum, presiding; E. Oswald Lightsey and Paul Quattlebaum, Jr. Also present were: Patrick N. Calhoun, T. Kenneth Cribb, Frank J. Jervey, Paul W. McAlister and James M. Waddell, Jr. Others in attendance were: Robert C. Edwards, Walter T. Cox, Victor Hurst, Stanley G. Nicholas, A. W. Rigsby, Melford A. Wilson, Ernest B. Rogers and Samuel F. Crews III.

1. Informational reports of the Vice President for Academic Affairs and the Vice President for Student Affairs, previously submitted to the Committee and all other members of the Board of Trustees, were considered and reviewed.
2. Recommendations of the Committee to the Board of Trustees are contained in Section V of the agenda submitted for consideration by the Board at the meeting on March 23, 1973.

REPORT OF THE EXECUTIVE COMMITTEE TO THE BOARD OF
TRUSTEES -- March 2, 1973

The Executive Committee of the Board of Trustees met in the President's Office, Clemson University, Clemson, South Carolina, March 2, 1973. Members of the Committee present were: Frank J. Jervey, presiding; E. Oswald Lightsey, W. Gordon McCabe, Jr., and James C. Self. Also present were: Patrick N. Calhoun, T. Kenneth Cribb, Paul W. McAlister, A. M. Quattlebaum, Paul Quattlebaum, Jr. and James M. Waddell, Jr. Others in attendance included: Robert C. Edwards, Walter T. Cox, Victor Hurst, Stanley G. Nicholas, A. W. Rigsby, Melford A. Wilson, Ernest B. Rogers and Samuel F. Crews III.

1. Recommendations of the Executive Committee to the Board of Trustees are contained in Section VI of the agenda submitted for consideration by the Board at the meeting on March 23, 1973.

AGENDA

for the meeting of
The Board of Trustees
Clemson University
July 26, 1973

11:00 a.m. -- Thursday
The Board Room, Sikes Hall

AGENDA FOR THE MEETING OF THE BOARD OF TRUSTEES

July 26, 1973
Clemson, South Carolina

(Subject to Revision by the Board of Trustees)

- I. ROLL CALL
- II. MINUTES OF THE MEETING OF MARCH 23, 1973
- III. ANNOUNCEMENT OF COMMITTEE APPOINTMENTS

Mr. L. D. Holmes was Chairman and member of the Agricultural Regulatory Committee and a member of the Educational Policy and Student Affairs Committee at the time of his death. On May 4, 1973, the President of the Board of Trustees appointed Mr. T. Kenneth Cribb as Chairman of the Agricultural Regulatory Committee and Mr. D. Leslie Tindal as a member of the Agricultural Regulatory Committee and the Educational Policy and Student Affairs Committee.

IV. RECOMMENDATIONS OF THE AGRICULTURAL REGULATORY COMMITTEE

1. Fertilizer Rules and Regulations

Statement: On June 12, 1973 there was submitted to the Agricultural Regulatory Committee, acting in its role as Fertilizer Board of Control, a recommendation of the Department of Fertilizer Inspection and Analysis for the recodification of Section X, "Approved Ratios and Minimum Analyses," of the Rules and Regulations of the Fertilizer Board of Control. The only substantive change in the proposed recodification relates to the change of a ratio 5-5-1, minimum analysis 10-10-2, to a ratio of 4-4-1, minimum analysis 20-20-5. This substantive change is caused by the fact that the ratio then existing contains sodium nitrate, an import from Chile, the supply of which has dwindled to almost zero. The Agricultural Regulatory Committee approved the proposed recodification which action should be confirmed and recorded.

Recommendation: That Section X, "Approved Ratios and Minimum Analyses," of the Rules and Regulations of the Fertilizer Board of Control be recodified as follows:

X. Approved Ratios and Minimum Analyses

A. No.	Ratio	Minimum Analysis
1.	0-1-1	0-14-14
2.	0-1-2	0-10-20
3.	0-1-3	0-9-27
4.	1-0-1	10-0-10
5.	1-0-3	8-0-24
6.	1-1-1	8-8-8
7.	1-1-2	6-6-12
8.	1-2-1	6-12-6
9.	1-2-2	5-10-10
10.	1-2-3	4-8-12
11.	1-3-3	4-12-12
(11.)	1-3-3	3-9-9 (Tobacco Only)
12.	1-3-6	2-6-12
13.	1-4-4	5-20-20
14.	2-0-1	16-0-8
15.	2-1-1	12-6-6
16.	2-1-2	10-5-10
17.	3-1-2	12-4-8
18.	3-5-2	6-10-4
19.	4-1-2	12-3-6
20.	4-4-1	20-20-5

Note: Any multiple of the approved ratio and of a higher analysis is permissible.

() — Duplicate ratio.

superseding all prior approved ratios and minimum analyses.

V. RECOMMENDATIONS OF THE EXECUTIVE COMMITTEE

1. Fort Hill Natural Gas Authority Permit

Statement: The Fort Hill Natural Gas Authority has an easement across University lands on the Simpson Station in Anderson County for utility right of way. The Authority has requested a permit to drill a well on Station lands and run an electric line from the well to the pipeline on its right of way. The well and lines will be a minimum of three feet below the surface of the ground and will not interfere with the use of the surface. The purpose of the well and line is to form a grounding and electrical conduit to the gas pipeline to prevent corrosion of its gas mains. By mail ballot the Executive Committee has heretofore approved the granting of the permit.

Recommendation: That the action of the Executive Committee in approving the granting of the permit to the Fort Hill Natural Gas Authority to drill a well and run an electric line on lands of the University in Anderson County be approved and confirmed.

2. South Carolina Electric and Gas Company Right of Way--Sandhill Station

Statement: The South Carolina Electric and Gas Company requested an easement across lands of the Sandhill Station in Richland County 100 feet in width and approximately 2,750 feet in length. The right of way is immediately south of a right of way granted to the Carolina Pipeline Company. The company has offered \$16,600 for the granting of the easement. The University would reserve the right of use of the surface and the right to harvest and market timber cut from the right of way. By mail ballot the Executive Committee approved the granting of the right of way to the South Carolina Electric and Gas Company and authorized the President of the Board of Trustees to execute the necessary instruments. The right of way easement has been executed in favor of the company.

Recommendation: That the action of the Executive Committee in granting an easement to the South Carolina Electric and Gas Company over lands of the Sandhill Station in Richland County and the execution of the instrument to accomplish the granting of the easement by the President of the Board of Trustees be approved and confirmed.

3. Blue Ridge Electric Cooperative Easement--Pickens County

Statement: The Blue Ridge Electric Cooperative requested a 20-foot easement approximately 500 feet in length involving .22 acres of University land in Pickens County across experimental forests. The purpose of the easement is to install a service line which the forest manager and the Dean of the College of Forest and Recreation Resources deem advantageous to the University. By mail ballot the Executive Committee approved the granting of the easement and authorized the President of the Board of Trustees to execute the necessary instruments.

Recommendation: That the action of the Board of Trustees in approving the granting of the easement in Pickens County to the Blue Ridge Electric Cooperative and the execution of the instruments to accomplish the granting of the easement by the President of the Board of Trustees be approved and confirmed.

VI. RECOMMENDATIONS OF THE ADMINISTRATION

1. Retention of Robert D. England beyond Normal Retirement Date

Statement: Mr. Robert D. England, Associate Professor of History and Visual Studies, reached sixty-five years of age on January 27, 1973. His normal retirement date would be May 16, 1973. Although a search has been conducted for a possible replacement, none of the persons considered has been found to possess the scholarly background and capability for coordinating graduate seminars that is possessed by Mr. England. It would be to the advantage of the College of Architecture to continue Mr. England's employment for the 1973-74 academic year.

Recommendation: That Professor Robert D. England of the Department of History and Visual Studies, College of Architecture, be continued in employment for the 1973-74 academic year.

2. William James Lemon Professorship of Literature

Statement: Dr. J. O. Bailey, Professor Emeritus at the University of North Carolina, is a scholar of international reputation in nineteenth century British literature. He has made special contributions to the study of the novelist Thomas Hardy. Professor Bailey will attain his seventieth birthday on August 12, 1973. It is desired to appoint Dr. Bailey to the Lemon Professorship of Literature for the fall semester only, of the 1973-74 academic year. There are no statutory or regulatory prohibitions against the employment of a teacher because of age. The only restriction is that such a person may not be retained beyond age seventy-two. This, however, is not contemplated in the event the appointment of Dr. Bailey is approved by the Board of Trustees.

Recommendation: That the appointment of Dr. J. O. Bailey as William James Lemon Professor of Literature be approved for the fall semester of the 1973-74 academic year.

3. Policy for Awarding the Bachelor's Degree to Preprofessional Degree Students

Statement: On March 22, 1961 the Board of Trustees adopted a policy discontinuing the awarding of bachelor's degrees to students who had completed three years of premedical education. Prior to that time degrees were awarded to such students combining work accomplished in the professional school with that accomplished at Clemson University to meet the requirements for the awarding of a bachelor's degree by Clemson University. Subsequent developments in educational philosophy indicate the desirability of eliminating in some instances the prohibition against earning an undergraduate degree in

combination with professional study. It is believed that a change of policy would be advantageous to the University and would recognize entitlement on the part of the individual. A detailed study by the Administration, with a view to formulating and implementing a fair and equitable procedure, should be made.

Recommendation: (1) That the policy entitled, "Discontinuance of Special Three-year Pre-Medical Bachelor's Degree," adopted by the Board of Trustees on March 22, 1961 be rescinded; and

(2) That the Administration be authorized to formulate and implement fair and equitable procedures for awarding the bachelor's degree to students who have attended Clemson University and who later enroll in an accredited, post-graduate professional college or university.

4. Establishment of a Department of Accounting and Finance

Statement: At the present time there are approximately 1,000 undergraduate majors in the Department of Industrial Management of the College of Industrial Management and Textile Science. Of these, 114 are Accounting majors and 193 are Financial Management majors. In order to administer a program of teaching and counseling in a more effective manner, it would be desirable to separate from the Department of Industrial Management the areas of Accounting and Finance and form them into a separate department of the College of Industrial Management and Textile Science.

Recommendation: That effective July 1, 1974, the areas of Accounting and Finance be separated from the Department of Industrial Management to become known as the Department of Accounting and Finance of the College of Industrial Management and Textile Science.

5. Policy on Nepotism

Statement: On June 21, 1957 the Board of Trustees adopted a policy relating to nepotism which does not at this date meet with the requirements of the U. S. Department of Health, Education, and Welfare as it relates to Title VII of the Civil Rights Act of 1964, as amended. This has been called to the attention of the University in a review of our Affirmative Action Compliance Program filed with the regional office of that governmental department. In order to meet the requirements prescribed by the federal agency, a revision of the policy is required.

Recommendation: It is recommended that effective immediately the policy adopted in 1957 by the Board of Trustees be rescinded and a new policy relating to nepotism be adopted as follows:

NEPOTISM POLICY

The policy relating to nepotism as reflected in Personnel Letter No. 18 dated 1957 is rescinded. Effective immediately, the policy relating to nepotism is stated as follows:

"It is the policy of Clemson University that there shall not exist, in writing or practice, any prohibition, restriction or limitation on the simultaneous employment of two or more members of the same family which has an adverse impact on one sex or the other. For the purposes of this policy, the term "member of the same family" includes any combination of two or more of the following: each spouse, and the father, mother, brother, sister, son, daughter, niece and nephew of each spouse.

"Members of the same family may be employed in academic or nonacademic positions, in the same or different departments or offices, provided, however, that when one member of the family would be required to function in a supervisory capacity in specific situations involving another member of the same family, such an employment arrangement requires prior approval of the appropriate Vice President. In such cases, the Vice President will determine whether a member of the family would be required to initiate or participate in institutional decisions involving a direct benefit (initial appointment, retention, promotion, salary, leave of absence, etc.) to the family member applicant. A good-faith determination by the Vice President that it would not be in the best interest of the University to establish such a close working relationship between members of the same family, and that the additional family member should not, therefore, be employed in the applied-for position, would not constitute a denial of equal employment opportunity to one sex over another. Clemson University would make reasonable efforts to locate the applicant in some other position in the University for which he or she is qualified."

6. Pee Dee Experiment Station Lands

Statement: The South Carolina State Forestry Commission has expressed a desire to obtain approximately seven (7) acres of land of the Pee Dee Experiment Station in Darlington County, and the South Carolina Department of

Corrections has expressed a desire to acquire approximately five (5) acres of land of the Pee Dee Experiment Station located in Florence County. Legislation has been enacted by the General Assembly (R.602) to authorize the conveyance of these two parcels to the state departments as indicated, with a provision that the State Budget and Control Board shall take into consideration the values of the properties for which no compensation is received, in liquidation of monies advanced by the State Budget and Control Board to Clemson University for the relocation of the Pee Dee Experiment Station. The transfer of these lands can be accomplished without injury to the present work of the Pee Dee Experiment Station.

Recommendation: That the President of the Board of Trustees be authorized to execute appropriate instruments transferring title to approximately seven acres of land of the Pee Dee Experiment Station in Darlington County to the South Carolina State Forestry Commission, and approximately five acres of land of the Pee Dee Experiment Station in Florence County to the South Carolina Department of Corrections.

7. Contract for the Construction of Clemson University Union

Statement: On May 3, 1973 information was mailed to the members of the Board of Trustees concerning bids for the construction of the Clemson University Union which were opened publicly on the same date. Cisne and Associates, Inc., Charlotte, North Carolina was the low bidder for the construction of the Clemson University Union in the amount of \$2,623,000.00. The Administration recommended, and the Board approved by mail ballot, the acceptance of the bid and the awarding of the contract to Cisne and Associates, Inc., Charlotte, North Carolina in the amount of \$2,623,000.00.

Recommendation: That the action of accepting the bid and awarding the contract to Cisne and Associates, Inc., Charlotte, North Carolina in the amount of \$2,623,000.00 for the construction of the Clemson University Union be approved and confirmed.

8. Contract for Covers for Holding Pens--Bull Testing Station

Statement: On May 15, 1973 information was mailed to the members of the Board of Trustees concerning bids for the construction of covers for holding pens, Bull Testing Station, which were opened publicly on the same date. Walhalla Builders, Inc., Walhalla, South Carolina was the low bidder for the construction of the covers for holding pens, Bull Testing Station, in the amount of \$10,320.00. The Administration recommended and the Board approved by mail ballot the acceptance of the bid and the awarding of the contract to Walhalla Builders, Inc., Walhalla, South Carolina in the amount of \$10,320.00.

Recommendation: That the action of acceptance of the bid and the awarding of the contract to Walhalla Builders, Inc., Walhalla, South Carolina for the construction of the covers for holding pens, Bull Testing Station, in the amount of \$10,320.00 be approved and confirmed.

9. Emeriti Status for Retired Vice Presidents

Statement: W. Wright Bryan retired August 31, 1970 as Vice President for Development, after serving the University for more than six years. Allen Wood Rigsby retired June 30, 1973 as Vice President for Executive Affairs, after serving the University ten years. Recognition and appreciation for their loyal and faithful service by conferring emeriti titles is deemed appropriate.

Recommendation: That the title of Vice President Emeritus for Development be conferred on W. Wright Bryan and the title of Vice President Emeritus for Executive Affairs be conferred on Allen Wood Rigsby.

10. Personnel Policies

Statement: On June 21, 1957 the Board of Trustees adopted comprehensive personnel policies based on recommendations of the Administration and then existing federal and state law. Over the years the Congress and the General Assembly have enacted legislation making many of the adopted policies antiquated and in some instances in conflict with law and modern personnel management practices. Federal guidelines have been issued for compliance with Presidential Executive Orders relating to equal employment opportunity. A State Personnel Division has been created with authority to prescribe rules and regulations affecting personnel. Grievance procedures have been established. These and other changes require recodification and amendment of Clemson University personnel policies. Changes by other agencies of government often require immediate implementation by the Administration and prior to an opportunity for the Board of Trustees to take amendatory action.

Recommendation: That in order to insure timely amendment to existing policies in consonance with state law, regulations and changes in modern personnel management philosophies, authority be delegated to the University Administration to initiate, amend, delete, change, or alter personnel policies consistent with sound administrative practices.

11. Alexander McQueen Quattlebaum and Lucille Godfrey Quattlebaum Gift to Clemson University Foundation

Statement: Alexander McQueen Quattlebaum and Lucille Godfrey Quattlebaum have tendered a gift of real property located in North Carolina to the Clemson

University Foundation for the purpose of providing one or more professorships in the College of Engineering, to be known as McQueen Quattlebaum Professorship in honor of Mr. Quattlebaum's father, and to be supported from the net income derived from the gift. A proposed agreement between Mr. and Mrs. Quattlebaum, as donors, Clemson University Foundation and the University, wherein the University agrees to the acceptance of the income for the purposes indicated and the administration of selection of the recipients of the professorship is provided.

Recommendation: That Clemson University authorize the President of the Board of Trustees to enter into a tripartite agreement whereby, among other things, Clemson University agrees to accept the net income from the gift for the support of professorships in the College of Engineering, to be identified as McQueen Quattlebaum Professorships, and to provide for a committee consisting of the President of the University, the Dean of the University, and the Dean of the College of Engineering, to perform functions of selection for and administration of the professorships as provided in the agreement.

12. University Budget

Statement: The proposed University budget for fiscal year 1973-74 has been submitted to all members of the Board. As submitted it does not recommend the amount of salary for the President of the University. The Board of Trustees in executive session has determined the salary for the President, and the Board of Trustees, subject to the approval of the State Budget and Control Board, has incorporated that determination in the official copies of the budget.

Recommendation: That the proposed University budget for the fiscal year 1973-74 as submitted, with the addition for the salary of the President of the University as determined by the Board of Trustees, be approved.

VII. ADDITIONAL ITEMS AND RECOMMENDATIONS AS DEVELOPED PRIOR TO THE BOARD MEETING

VIII. STATUTORY ROLL CALL VOTE

IX. ADJOURNMENT

ADDITIONAL ITEMS FOR CONSIDERATION OF THE
BOARD OF TRUSTEES -- CLEMSON UNIVERSITY

July 26, 1973

1. Bid for Construction of Swine Testing Station

Statement: On July 16, 1973 information was mailed to the members of the Board of Trustees concerning a bid for the construction of the Swine Testing Station at the Sandhill Experiment Station, Columbia, South Carolina, which was opened publicly on July 3, 1973 in the Office of the Superintendent, Administration Building.

Only one bid was received. It was submitted by the Richland Construction Company, Inc., Columbia, South Carolina, in the amount of \$145,240.00. The bid was considered too high, exceeded the funds currently available and contained unacceptable conditions regarding liquidated damages, availability of materials and completion date. The Administration recommended, and the Board approved by mail ballot the rejection of the bid of Richland Construction Company, Inc.

Recommendation: That the action of rejecting the bid of Richland Construction Company, Inc., Columbia, South Carolina, in the amount of \$145,240.00 be approved and confirmed.

2. Sale of Land, Coast Station, "Project Lion"

Statement: On March 2, 1973 the Executive Committee of the Board of Trustees approved the granting of an Option to the Charleston Development Board for the purchase by an undisclosed purchaser of approximately sixty (60) acres of land located on the Coast Experiment Station. On March 7, 1973 the President of the Board of Trustees executed the said Option. The Option was for a period of 90 days from March 7, 1973. Subsequently, by mutual agreement between the Development Board and Clemson University, the quantity of land covered by the Option was reduced to 14.92 acres, the Option was extended until 12:00 noon, Tuesday, August 7, 1973, and the prospective purchaser was identified as Sabin Business Machines. The Option provides for a purchase price of \$3,000 per acre.

On July 10, 1973 the attorney representing the Charleston Development Board notified the University that Sabin Business Machines, Inc. would exercise its Option, but would have the property conveyed to another corporation in the process of being formed. By telephone conversation of July 24, 1973 the University Counsel was advised by the attorney representing the Charleston Development Board that the purchaser is Ricoh Business Machines, Inc., a company incorporated under the laws of Delaware.

Recommendation: It is recommended that the President of the Board of Trustees be authorized to execute the deed to implement the conveyance of title to the land in question when the terms of the Option are satisfied, and the Secretary of the Board of Trustees be authorized to deliver the deed in escrow to Mr. Huger Sinkler, Attorney for the Charleston Development Board, with the understanding that he will not record it until the purchase price has been received.

3. Transfer of Clemson University Center at Sumter to University of South Carolina

Statement: Pursuant to authorization of the Board of Trustees on February 10, 1965, the Administration entered into Lease and Operational Agreements with the Sumter County Commission for Higher Education to operate a two-year college transfer program. The University did, in fact, operate such a program for the ensuing seven (7) years. In a letter dated May 28, 1973, the Sumter County Commission for Higher Education stated its desire to terminate the contract by mutual agreement, effective at the conclusion of summer school operation for 1973. On May 30, 1973 the President of Clemson University notified the Chairman of the Sumter County Commission for Higher Education that Clemson University was willing to terminate the contract when feasible. At its meeting on July 12, 1973 the South Carolina Commission on Higher Education approved the transfer. On July 20, 1973 the State Budget and Control Board approved the fiscal aspects of the transfer. On July 23, 1973 representatives of the two universities met and agreed upon the details of transfer. A press release was approved for publication on July 24, 1973, announcing Friday, July 27, 1973 as the date for transfer. A written agreement setting forth the factual background and detailed aspects of the transfer has been prepared for signature by the Presidents of the University of South Carolina and Clemson University and by the Chairman of the Sumter County Commission for Higher Education.

Recommendation: That the Board of Trustees authorize the President of the University to execute the said agreement.

4. Financing of Improvements for Clemson Memorial Stadium and Allied Facilities

Statement: Reference is made to Item 15, Interim Financing of Improvements for Clemson Memorial Stadium and Allied Facilities, of the Minutes of the March 29, 1972 meeting of the Board of Trustees. The Board passed a Resolution providing for the issuance and sale of Bond Anticipation Notes of Clemson University and other matters relating thereto. The decision to delay indefinitely the installation of artificial turf on the playing field and several other important developments made it inadvisable to issue the notes and bonds during fiscal year 1972-73. Planning has now developed to the

stage where bonds in the amount of \$2,000,000 should be issued at such time as the market appears most favorable within the current fiscal year.

Recommendation: It is recommended that the following resolution be adopted:

Be it resolved by the Board of Trustees of Clemson University in meeting duly assembled that the Board of Trustees approve the sale of \$2,000,000 of bonds pursuant to Act No. 1277 of 1970, as amended, upon the authorization of the State Budget and Control Board, at such time as the President of the Board of Trustees of Clemson University and the State Treasurer shall determine; and be it further resolved that the Vice President for Business and Finance of Clemson University prepare such schedules and take such further action as may be necessary to prepare the bonds for marketing as considered necessary and proper.

Proposed Budget
1973-74

PROPOSED BUDGET

1973 - 1974

SUMMARY OF BUDGET RECOMMENDATIONS

(Based on Estimated Funds Available)

The following are summaries of proposed operating budgets of the major divisions and estimates of revenues earmarked by law for permanent improvements for the fiscal year beginning July 1, 1973 and ending June 30, 1974.

SUMMARY OF PROPOSED BUDGETS

	Estimated Expenditures 1972-73	Proposed Budget 1973-74
A. <u>FOR CURRENT OPERATIONS</u>		
1. Educational and General:		
(a) Teaching and Maintenance	\$22,065,506	\$27,798,149
(b) Auxiliary Enterprises	3,584,183	3,857,998
(c) Affiliated Activities	3,737,134	3,773,086
2. Agricultural Research	5,991,301	6,756,931
3. Agricultural Extension Service	7,692,966	8,239,844
4. Regulatory and Public Service	474,617	633,423
5. Livestock-Poultry Health Dept	1,419,982	1,676,991
6. Forest and Recreation Research	439,057	561,522
Total (For Current Operations)	\$45,404,746	\$53,297,944
B. <u>FOR PERMANENT IMPROVEMENTS</u>		
(Revenues earmarked by law for payment on bond debt and notes)		
1. Tuition and Matriculation Fees	\$ 1,600,000	
2. Library, Plant Improvement, and Special Student Fees	300,000	
3. Faculty and Student Housing Revenues	1,301,786	
4. Multipurpose Auditorium Fees	60,000	
5. Football Stadium Fees	126,000	
Total (For Permanent Improvements)	\$ 3,387,786	
GRAND TOTAL	\$56,685,730

- 1/ Unless otherwise specified each expenditure and budget item is chargeable to "Regular Operating Funds"--i.e., those funds derived from the regular "Maintenance Appropriation", "University Fees", and other institutional revenues.
- 2/ 1973-74 funds allocated from Special Appropriation for Educational Equipment.
- 3/ The figure in parentheses represents actual needs but only the amount budgeted can be safely earmarked at the outset to meet a portion of these needs. These equipment needs and others, such as repairs, that do not involve recurring year-to-year expenditures are to be given priority ratings on an up-to-date basis throughout the year and filled to the extent possible from any funds that can be saved from other items or from any unanticipated income.

CLEMSON UNIVERSITYDELEGATION OF AUTHORITY TO THE ADMINISTRATION

In approving this basic budget, the Board of Trustees recognizes that the amounts shown as income are estimates and subject to change, and that the amounts shown for expenditures are a reflection of program plans and workload estimates as of the time the proposed budget was prepared. It further recognizes that each day may bring new challenges and development requiring adjustments in plans, programs, estimates, and budget items. In order to provide for essential flexibility in operations, the Board of Trustees reaffirms for fiscal year 1973-74 the delegation of necessary authority to the President to act in all matters, and to the Vice President for Business and Finance to act in fiscal, contractual and other business matters. In connection with specific budget items, the President and Vice President for Business and Finance are assigned the responsibility and delegated the authority to make such changes on a timely basis as necessary to adjust to changing conditions. The President of the Board, the Chairman of the Executive Committee, the Executive Committee or the full Board are to be consulted for further specific directions and approval as conditions appear to warrant. Approval of the State Budget and Control Board shall be obtained in connection with salaries, permanent improvements and other items as required by applicable legislation and regulations.

AGENDA

RECOMMENDATIONS AND REPORTS

for the meeting of
The Board of Trustees
Clemson University
November 19, 1973

2:30 p.m. - Monday
The Board Room -- Sikes Hall
Clemson University
Clemson, South Carolina

AGENDA FOR THE MEETING OF THE BOARD OF TRUSTEES

The Board Room -- Sikes Hall
Clemson University, Clemson South Carolina

November 19, 1973

(Subject to Revision by the Board of Trustees)

- I. ROLL CALL
- II. MINUTES OF THE MEETING OF JULY 26, 1973]
- III. RECOMMENDATIONS OF THE AGRICULTURAL REGULATORY COMMITTEE

1. Rules and Regulations of the Fertilizer Board of Control

Statement: The Report of the Department of Fertilizer Inspection and Analysis for the period, January 1 - June 30, 1973, contains a recommended change in the Rules and Regulations of the Fertilizer Board of Control pertaining to chlorine content in fertilizers branded for tobacco. On October 11, 1973 the recommendation was transmitted by mail to members of the Agricultural Regulatory Committee. By mail ballot the members of the Committee unanimously approved the change in Regulations.

Recommendation: The interim action of the Committee be approved for ratification and recording.

2. Fertilizer Inspection and Analysis

Statement: The Report of the Department of Fertilizer Inspection and Analysis for the period, January 1 - June 30, 1973, identifies irregularities and suggests fines therefor. These irregularities and suggested fines were transmitted to members of the Agricultural Regulatory Committee on October 11, 1973. By mail ballot, the fines were approved by the Committee.

Recommendation: The interim action of the Committee be approved for ratification and recording.

3. Japanese Beetle Quarantine

Statement: The professional staff of the South Carolina State Crop Pest Commission has proposed a Revision, dated November 1, 1973, of the Supplemental Regulations to the Japanese Beetle Quarantine, superseding all prior supplemental regulations.

Recommendation: That the Revision of the Supplemental Regulations, dated November 1, 1973, to the Japanese Beetle Quarantine and superseding all prior supplemental regulations, be approved.

4. Imported Fire Ant Quarantine

Statement: The professional staff of the South Carolina State Crop Pest Commission has proposed a Revision, dated September 15, 1973, of the Supplemental Regulations to the Imported Fire Ant Quarantine, superseding all prior supplemental regulations.

Recommendation: That the Revision of the Supplemental Regulations, dated September 15, 1973, to the Imported Fire Ant Quarantine and superseding all prior supplemental regulations, be approved.

IV. RECOMMENDATIONS OF THE EDUCATIONAL POLICY AND STUDENT AFFAIRS COMMITTEE

1. Employment of Professor Max Cetto

Statement: Professor Teoman Doruk who was to have been a member of the faculty of the College of Architecture sent word that he would be unable to return this year because of a death in his family. Professor Max Cetto is on leave this semester from the University of Mexico, and accepted a telephone invitation to come to Clemson for the fall semester. Professor Cetto is seventy (70) years of age. There are no statutory or regulatory provisions against the employment of a teacher because of age. The only restriction is that such a person may not be retained beyond age seventy-two (72). It is, however, the longstanding policy of the Board of Trustees that Board approval is required for the employment of an individual sixty-five (65) years of age or more. It was recommended by the Administration that Professor Cetto be employed for the fall semester of the 1973-74 academic year. That recommendation was approved by the members of the Board of Trustees by mail ballot and Professor Cetto was employed.

Recommendation: The Educational Policy and Student Affairs Committee recommends that the interim action of the Board of Trustees in approving the employment of Professor Cetto for the fall semester of the 1973-74 academic year be confirmed.

2. William James Lemon Professorship of Literature

Statement: Dr. Joseph Ellis Baker, Professor Emeritus of English at the University of Iowa, is a distinguished scholar and teacher in the field of Victorian Literature. Dr. Baker is sixty-eight (68) years of age. It is desired to appoint Dr. Baker to the Lemon Professorship of Literature for the spring semester only of the 1973-74 academic year. There are no regulatory prohibitions against the employment of a teacher because of his age. The only restriction is that such a person may not be retained beyond the age of seventy-two (72). This, however, is not contemplated in the event the appointment of Dr. Baker is approved by the Board of Trustees.

Recommendation: That the appointment of Dr. Joseph Ellis Baker as William James Lemon Professor of Literature be approved for the spring semester of the 1973-74 academic year.

V. RECOMMENDATIONS OF THE EXECUTIVE COMMITTEE

1. Summer Session Fees, Fees for Part-time Students and Fees for Auditing

Statement re summer session fees: Based on careful study of summer session fees of other comparable educational institutions, Clemson University fees should be adjusted as follows:

Summer Session Fees (Per Semester Credit Hour)

Rates (1973)		Proposed Rates (1974)	
<u>S. C. Resident</u>	<u>Non-Resident</u>	<u>S. C. Resident</u>	<u>Non-Resident</u>
\$20.00	\$35.00	\$22.00	\$44.00

Recommendation: That, effective with the summer sessions, 1974, fees be increased to rates shown above.

Statement re fees for part-time students: In order to bring the fee structure for part-time students attending Clemson University during the regular academic year in line with the above recommended fee structure for summer session fees, that is, \$22.00 and \$44.00, the University Fee for a part-time South Carolina resident should be increased as shown on the following table:

Fees for Part-time Students

Rates (1973-74)

	<u>S. C. Resident</u>	<u>Non-Resident</u>
Matriculation Fee -----	\$ 5.00	\$ 5.00
Tuition (Per Semester Hour)-----	6.00)--\$20.00	16.00)--\$44.00
University Fee (Per Semester Hr.)	14.00)	28.00)

Proposed Rates (1974-75)

	<u>S. C. Resident</u>	<u>Non-Resident</u>
Matriculation Fee -----	\$ 5.00	\$ 5.00
Tuition (Per Semester Hour) ----	6.00)--\$22.00	16.00)--\$44.00
University Fee (Per Semester Hr.)	16.00)	28.00)

Recommendation: That, effective with the summer sessions, 1974, the University Fee for part-time South Carolina resident students be increased as shown on the above table.

Statement re fees for auditing: Since fees for auditing have previously been set at one-half of the fees for part-time students taking courses for credit, the University Auditing Fee for a South Carolina resident should be increased as shown on the following table:

Auditing Fees

Rates (1973-74)

	<u>S.C. Resident</u>	<u>Non-Resident</u>
Tuition (Per Semester Hour) -----	\$ 3.00	\$ 8.00
University Fee (Per Semester Hour) -----	7.00	14.00

Proposed Rates (1974-75)

	<u>S.C. Resident</u>	<u>Non-Resident</u>
Tuition (Per Semester Hour) -----	\$ 3.00	\$ 8.00
University Fee (Per Semester Hour) -----	8.00	14.00

Recommendation: That, effective for the summer sessions, 1974, the Auditing Fee for a South Carolina resident be increased as shown in the above table.

2. Revision of Traffic Ordinance 2-5 of the Traffic Code Concerning Registration, Campus Decals and Permits

Statement: The present wording of Ordinance 2-5 of the Traffic Code is ambiguous and has resulted in difficulties of interpretation and enforcement. That ordinance reads as follows:

"Any eligible person may register any motor vehicle whether or not such person is the owner of such motor vehicle, provided the person registering the vehicle is subject to the same eligibility or restrictions for registration as the owner."

The University Traffic and Parking Committee has recommended that Ordinance 2-5 be revised to read as follows:

"Any eligible person may register any motor vehicle whether or not such person is the owner of such motor vehicle, except that a student shall not register another student's vehicle. Any such person registering a motor vehicle is responsible for the operation of the vehicle for which the decal is issued. A resident student shall purchase a resident decal and park the vehicle in designated resident zones and areas. A commuting student shall purchase a commuter decal and park the vehicle in commuting lots only during periods that classes are being held or related class work is being pursued."

Recommendation: That the revision of Ordinance 2-5 of the Traffic Code, recommended by the University Traffic and Parking Committee, be enacted.

3. Sale of Land at Coast Experiment Station -- Project Affinity

Statement: The Charleston Development Board submitted a proposed deed from Clemson University to Stephen M. Mihaly, an employee of Pneumo Dynamics Corporation, together with a plat reflecting the total acreage of Project Affinity as 23.50 acres, and the total purchase price as \$38,187.50. The deed correctly embodied the conditions of sale specified in the preliminary option. On August 27, 1973 the Administration recommended to the members of the Board of Trustees that its President be authorized to execute the deed; that the Secretary of the Board of Trustees be authorized to attest same; and that the Administration be authorized to take any and all procedural steps required to effect conveyance of the land in question. The members of the Board of Trustees, by mail ballot, approved the recommendation of the Administration. The President of the Board of Trustees executed the appropriate deed and transmitted it to the attorneys for the purchaser. The University has received the full purchase price for the sale of the property.

Recommendation: That the sale of the tract of land at the Coast Experiment Station, known as Project Affinity, be confirmed and ratified.

4. Agricultural Administration and Forest and Recreation Resources Facility

Statement: On August 7, 1973 bids for construction of the Agricultural Administration and Forest and Recreation Resources Facility were transmitted to members of the Board of Trustees with the Administration's recommendation that the lowest eligible bid, including all alternates, submitted by Triangle Construction Company, Greenville, South Carolina, in the amount of \$4,350,000 be accepted. The Administration's recommendation was approved by the members of the Board of Trustees by mail ballot.

Recommendation: That the interim approval by the Board of Trustees be confirmed.

5. Swine Testing Station

Statement: On October 4, 1973 bids for construction of the Swine Testing Station were transmitted to the members of the Board of Trustees with the Administration's recommendation that the lowest eligible alternate bid submitted by Boozer and Wharton, Inc., Sumter, South Carolina in the amount of \$117,677.00 be accepted, with the contract clearly indicating a March 1, 1974 completion date. The Administration's recommendation was approved by the members of the Board of Trustees by mail ballot.

Recommendation: That the interim approval by the Board of Trustees be confirmed.

6. Ornamental Grounds Contract

Statement: In connection with the development of the Ornamental Grounds, a contract was entered into between Clemson University (the "Public Body") and the United States Department of Housing and Urban Development. That contract contains the following "Special Conditions":

"Deed Restriction; Recordation. The Public Body agrees to have prepared and recorded in the appropriate land or deed records for each open space site contained in this project an appropriate restriction indicating that the site or any interest therein may not be sold, leased, or otherwise transferred without the prior written approval of the Secretary of Housing and Urban Development, his designee, or any successor thereto. This restriction may be recorded in the Public Body's deed or deeds to the open space site or in a separate instrument, provided that the method used gives constructive notice (or the equivalent) of the restriction."

The Ornamental Grounds are in the heart of the lands bequeathed by Thomas Green Clemson to the State of South Carolina. The Department of Housing and Urban Development recognizes that the restrictions in Mr. Clemson's Will make it impossible for the University to dispose of the property or to use it for any purpose other than that of an educational institution. In addition, HUD officials recognize the inability of the University to comply strictly with the requirements contained in the above-quoted special conditions. In lieu of such compliance, HUD officials are willing to substitute an appropriate resolution by the Board of Trustees, embodying the substance of the restriction contained in the special conditions of the contract.

Recommendation: That the Executive Committee refer the following resolution to the Board of Trustees for approval and transmittal to the Department of Housing and Urban Development:

RESOLUTION

WHEREAS, a contract has been entered into between Clemson University (the "Public Body") and the United States of America, Department of Housing and Urban Development, whereby Federal financial assistance was provided to the University in the form of a grant for the purpose of carrying out a certain open space land project, and

WHEREAS, the said contract contains the following special conditions:

"Deed Restriction; Recordation. The Public Body agrees to have prepared and recorded in the appropriate land or deed records for each open space site contained in this project an appropriate restriction indicating that the site or any interest therein may not be sold, leased, or otherwise transferred without the prior written approval of the Secretary of Housing and Urban Development, his designee, or any successor thereto. This restriction may be recorded in the Public Body's deed or deeds to the open space site or in a separate instrument, provided that the method used gives constructive notice (or the equivalent) of the restriction. "

and

WHEREAS, the said open space land with which this contract is concerned consists of the Ornamental Grounds located in the heart of lands bequeathed by Thomas Green Clemson to the State of South Carolina, and

WHEREAS, the restrictions in the Will of Thomas Green Clemson make it impossible for the University to dispose of the property or to use it for any purpose other than that of an educational institution, and

WHEREAS, the Department of Housing and Urban Development acknowledges the impossibility, in the existing circumstances, for strict compliance by the University with the above-quoted special conditions, and

WHEREAS, officials of the Department of Housing and Urban Development are amenable to the substitution of an appropriate Resolution by the Board of Trustees of Clemson University, in lieu of the above-quoted special conditions,

NOW, THEREFORE, BE IT RESOLVED as follows:
The Board of Trustees, Clemson University, Clemson, South Carolina, hereby gives its assurance to the United States Department of Housing and Urban Development that the site or any interest therein located in the Ornamental Grounds, Department of Horticulture, Clemson University, Clemson, South Carolina, consisting of 44.02 acres as shown on map dated September 23, 1971, revised May 1, 1972, by George L. Hardy, Jr., Station Agricultural Engineer, a copy of which is attached to An Agreement covering Project No. SC-1004-OS, Contract No. SC-1004-OS (G) will not be sold, leased or otherwise transferred without the prior written approval of the Secretary of Housing and Urban Development, his designee or any successor thereto. This Resolution is recorded in the minutes of the meeting of the Board of Trustees, Clemson University, held on November 19, 1973.

7. Coast Experiment Station Land Appraisals

Statement: The Board of Trustees at its meeting on March 23, 1973, directed the President of the University to obtain current appraisals for the several segments of the Coast Experiment Station to establish a market value of those lands equated to usefulness and desirability for industrial purposes, and to submit a report to the Board of Trustees at its next meeting. The second of two appraisals was not placed in the mail to the University until July 25, 1973, and no report to the Board of Trustees was possible at its meeting on July 26, 1973.

Two appraisals have been obtained, and values of Sections A, B, and C of the Coast Experiment Station lands have been estimated as follows:

APPRAISAL NO. 1
(James H. Holcombe, M. A. I.)

	<u>Acreage*</u>	<u>Value per Acre</u>	<u>Value per Section</u>
Section A	95	\$3,000	\$ 285,000
Section B	385	1,500	577,500
Section C	230	1,000	230,000
TOTALS	710		\$1,092,500

APPRAISAL NO. 2
(Ralph B. Leinbach, M. A. I.)

	<u>Acreage*</u>	<u>Value per Acre</u>	<u>Value per Section**</u>
Section A	95.63	\$2,450	\$ 234,500
Section B	377.68	1,500	566,500
Section C	230.62	1,000	230,500
TOTALS	703.93		\$1,033,500

*Acreage only estimated by each appraiser.
**Rounded Values

Recent sales of parcels of Coast Experiment Station lands in Section A have been consummated at \$1,625 per acre (pursuant to an option commitment granted on May 24, 1972), and \$3,000 per acre (pursuant to an option commitment granted on March 7, 1973).

Recommendation: That the Administration be authorized to negotiate, subject to approval by the Board of Trustees, the sale of all, or parcels, of the Coast Experiment Station lands at such current values as are established by periodic appraisals made not less than annually.

8 . Utilization of the Clemson House to Help Alleviate Shortage of On-Campus Student Housing

Statement: For years we have been concerned with the lack of overall direction from the State level regarding the role and scope of each State educational institution. This has made it impossible for us to anticipate on a long-range basis the number of students and the composition of the student body that we would be called upon to serve. We have been proceeding on the basic assumption that we will not have a student body substantially larger than 10,000. We are now very close to this figure. Uncertainty of overall direction has made it completely unsound to construct additional dormitories without adequate information on potential needs. Even with such information, the costs of constructing dormitories has risen to the point where they cannot be financed without increasing all rental rates or obtaining special subsidies from the State.

In order to maintain in August 1974 a new student class enrollment at the same level reached in August 1973, it is estimated that approximately 400 additional student beds will be required. In deriving the figure of 400, the converted windowless study rooms in the high-rise dormitories are not being considered as permanent housing. It is felt that these spaces should not be utilized in numbers greater than the anticipated number of "no shows" or early withdrawals. Also, the shortage of 400 beds does not take into consideration any use of the Clemson House for housing students on a regular basis.

In view of the housing shortage noted above it appears appropriate that serious consideration be given to utilizing the Clemson House to the maximum practicable extent for regular student housing.

In reviewing the history of the Clemson House it is interesting to note that its original construction and equipping, and subsequent enlargement, involved portions of the proceeds of two types of bond issues; funds transferred from a number of University units and accounts; funds borrowed from the Athletic Department; gifts in money and in furnishings from a number of sources; and even the reworking and utilization of furnishings from the old Clemson Hotel and the surplus wartime housing units on campus.

It would be impossible to determine the intangible contributions the Clemson House has made to the University and the State of South Carolina.

It has been a multi-purpose facility in every respect, having served concurrently as permanent housing for faculty, staff, and others not affiliated with Clemson University; as a transient hotel; as a key facility in the Piedmont for entertaining and working with industrial prospects; as a Continuing Education Center; as an essential facility for luncheons, banquets, receptions, dances, group meetings and in more recent years it has also served to accommodate numbers of graduate students.

In the fall of 1965 the Clemson House was used on a temporary basis to house 47 undergraduate students pending completion of Barnett Hall. At the beginning of the current academic year an overflow from the dormitories of 78 undergraduate students was housed in the Clemson House. This number had declined to approximately 25 by mid-November. It is anticipated that the number of undergraduate students assigned temporarily to the Clemson House will again increase to between 70 and 80 at the beginning of the second semester in January. Graduate student occupancy in the Clemson House totaled 18 at the beginning of the current academic year and is expected to remain reasonably constant throughout the year.

At the present time the Penthouse, and two 2-bedroom apartments are reserved for high priority temporary housing, and units listed below are assigned to non-student permanent guests:

<u>Accommodations</u>	<u>No. Units</u>
Individual bedrooms -----	6
Efficiency apartments -----	25
1-bedroom apartments -----	21
2-bedroom apartments ----- *	10

Assuming that no changes occur in the above assignments and that provision is made for necessary additional furnishings, the Clemson House potential for accommodating students on a regular basis is shown below:

<u>Accommodations</u>	<u>No. Units</u>	<u>Beds per Unit</u>	<u>No. Student Beds</u>
Individual bedrooms -----	87	2	174
Efficiency apartments ---	29	3	87
1-bedroom apartments ---	3	4	12
Total	119	--	273

Even with utilization of the Clemson House to the extent outlined above, maintaining present new student enrollment figures would create a shortage of an estimated 127 beds.

Increased use of the Clemson House for student housing on a regular basis will, of course, make it necessary for transients to utilize private motel facilities. Also, pending construction of the Continuing Education Center, those attending short courses and other visitors to the campus would for the most part be housed in neighboring motels. The Clemson House meeting rooms and food facilities would still be used to the extent practicable for residents of the Clemson House (students and non-students), local groups, and groups visiting the University.

Recommendation: That the Board of Trustees make the following decisions to govern future use of the Clemson House:

- (1) The long-term highest utility for the Clemson House is determined to be for student occupancy.
- (2) Present permanent guests at the Clemson House will be permitted to remain as long as they desire.
- (3) No new permanent guests will be accepted for occupancy in the Clemson House.
- (4) The Administration is authorized and directed to make necessary adjustments in available space on floors two through six of the Clemson House for student occupancy and on the seventh floor for general University use.

9. Fire Station Site on Coast Experiment Station Land

Statement: Mr. William Humphreys, for the Charleston Development Board, has indicated that the Azalea and Clemson Fire Department proposes to build a fire station at a site on the Coast Experiment Station. Representative Gene W. Dukes of Dorchester County favors the proposal. While the Fire Department hopes to obtain one acre without cost, Mr. Humphreys recommends that the site be limited to three-quarters (3/4) acre, with compensation. Cummings and McCrady, the architectural and engineering firm which has prepared the current development plan for the Coast Experiment Station, agrees that the Fire Station would be a desirable addition in the area. That firm has recommended a 200' by 165' site, immediately to the rear of the 15-acre tract recently sold to Rico Business Machines, Inc. In Mr. Humphrey's opinion that location would have an advantage in that it would justify a request to the County to pave the access road for which a 60' right of way is presently planned between former Clemson University properties now owned by the Exxon Corporation and Rico Business Machines, Inc. It would be necessary to dedicate the road right of way to public use prior to its being paved by the County.

Recommendation: That the Administration and the President of the Board of Trustees be authorized to consummate the sale to the Azalea and Clemson Fire Department of a suitable site on Coast Experiment Station lands for the construction of a fire station, and concomitant authority to dedicate to public use an access road to provide an exit from the fire station to U. S. Highway 78.

VI. ADDITIONAL ITEMS AND RECOMMENDATIONS AS DEVELOPED PRIOR TO THE BOARD MEETING

VII. STATUTORY ROLL CALL VOTE

VIII. ADJOURNMENT

REPORT OF THE AGRICULTURAL REGULATORY COMMITTEE
TO THE BOARD OF TRUSTEES -- November 18, 1973

The Agricultural Regulatory Committee of the Board of Trustees met in the Board Room, Sikes Hall, Clemson University, Clemson, South Carolina, November 18, 1973. Members of the Committee present were: T. Kenneth Cribb, Chairman, presiding; Robert R. Coker, Frank J. Jervey and D. Leslie Tindal. Also present were: Patrick N. Calhoun, E. Oswald Lightsey, Paul W. McAlister, W. Gordon McCabe, Jr., A. M. Quattlebaum, Paul Quattlebaum, Jr., and James C. Self. Others in attendance included Robert C. Edwards, Walter T. Cox, Victor Hurst, Joseph B. McDevitt, Stanley G. Nicholas, Melford A. Wilson, John D. Fulton, Melvin C. Long, John S. Pratt, and E. N. Tyndall.

1. Informational reports previously distributed to the Committee and all other members of the Board of Trustees were considered and reviewed.
2. The recommendations of the Committee to the Board of Trustees are contained in Section III of the agenda submitted for consideration by the Board at the meeting on November 19, 1973.

REPORT OF THE DEVELOPMENT AND PUBLIC RELATIONS COMMITTEE
